

Newsletter (1-15-2024)

Greeting: Forgive me for it taking so long since my last Newsletter. It was delayed by my day-to-day business (twice my normal consulting), ministry (book writing, LifeGroup and EquipGroup teaching, and Discipleship), and exciting family events (I'm a new grand-dad). Ava Elisabeth Duran is so precious (recent pic on left).

The most exciting new free featured resource is entitled, "[Word Logic: Reflections of God's Word](#)." It was featured by [Mark Cahill ministries](#) last year as a resource for every soul-winner. God be praised...

Welcome to the numerous Stepping Stones Church subscribers. This verse is specifically to the Nation of Israel, but certainly applicable to such wonderful church believers. "*For thou art an holy people unto the LORD thy God: the LORD thy God hath chosen thee to be a special people unto Himself, above all people that are upon the face of the earth*" ([Deuteronomy 7:6](#)).

What a pleasure it was to preach the first Sunday of the New Year at [Stepping Stones Church](#). I see the hand of God on your pastor and so many of you. Thank you to the many of you who graciously greeted me and signed up for my website at my book signing. Here are a few links you may appreciate on my website:

1. Ron Nyberg's [website](#) (with lots of free Biblical resources).
2. Video of most of the [sermon](#) I preached last week (>1,000 views already).
3. Full [slides](#) used in my sermon (see LifeGroup lessons below for more detail).
4. Overview of [Israel's History](#) (35 events, with Intro and Applications).
5. Overview of [Israel's Next 7 Key Prophecies](#) (with Intro and Applications).
5. Overview of [Israel's Last 7 Key Prophecies](#) (with Intro and Applications).

I encourage you to review my [first Newsletter](#) that overviews my site. May God richly bless you, your great pastor, and all of you fellowshiping at Stepping Stones.

Added since last Newsletter. RnR now has 64 individual [LifeGroup Lessons](#) and 64 Handouts, including multiple series (Resurrection, Israel, Roles, Prayer, Sin, Praise, and Worship). I hope to finish a series on Parenting next month. RnR has more than 23 [blog topics](#). RnR added a Daily Bible Reading Plan (one that starts January 1st and another you can start any day and finish exactly a year later). I'm particularly excited about a

follow-on to God-Logic, called [Word-Logic](#). Word-Logic summarizes 13 proofs of the Bible's uniqueness and undeniable Divine Digital DNA. My most popular whitepaper, "[American Black History Progress](#)," has almost 400 comments of praise, positivity, and appreciation. It includes 101 dates, legislation, and events that demonstrate racial progress American has made towards Christ commanded unity.

I published my 4th paperback and eBook, "[Galatians: Bewitched or Be Free](#)," which is a 13 chapter and week study. It is the most readable of my books so far, though still uses a LifeGroup/Bible Study leader format (with Introductions, Commentary, and Applications). Due to a growing [Hyper-Grace Movement](#), I wrote a short critique for several church leaders. It is included as an appendix in my Galatians book. It is also included as a free resource on my homepage. My site sells 3 of my books, but has many free books/links also, including my favorite (after Scripture of course), "[The Pilgrim's Progress](#)." It is a great allegory about the Christian life. If you've never read it or it has been a while, I wholeheartedly recommend it as Scriptural and encouraging.

Please keep me and this website ministry in your prayers. There are more than 14 countries that leverage these Biblical resources regularly. Jesus is coming soon; may we be found faithful.
